The Wirtz Group of Companies

Your Connection To The Future Of Battery Manufacturing

One call to Wirtz will put you in touch with all the equipment and services you need for state-of-the-art battery manufacturing, whether you are looking for a new custom designed line or the latest technology to replace aging components.

GRID CASTING AND PLATE MAKING

- Engineering Services and Production Facilities
- Grid Mold Design and Production
- Industrial and Automotive Gravity Grid Casters
- Continuous Grid Casting, Plate Making Technology, ConCast, ConRoll, and ConPaste
- Steel Belt and Fixed Orifice Pasting for both Gravity and Continuous Grids
- Electric and Gas Furnaces
- Lead Handling Equipment
- Upgrade Kits
- Grid Casting Accessories and Performance Additives

BATTERY ASSEMBLY

- Semi Automatic Assembly Lines
- Fully Automatic Assembly Lines
- Container Hole Punching
- High Voltage Polarity Testing
- Intercell (TTP) Welding
- Heat Sealing
- Customized Terminal (Post) Burning
- Leak Testing
- Programmable Date Code/Serial Numbering
- Heat Seal Tooling

FORMATION AND FINISHING

- Corrosive Resistant Conveyors
- Water Bath Formation Automatic Load/Unload
- Water Bath Formation Manual Load/Unload
- Washers and Dryers
- Continuous Acid Fillers
- Volumetric Acid Fillers
- Continuous Acid Dumper
- Acid Mixing, Refrigeration, Filtration and Storage
- Modular Water Bath Formation Tables with Automatic Load and Unload Options.
- Continuous High Speed Fillers & Dumpers
- Volumetric Filling and Acid Leveling
- Acid Mixing and Dilution Systems
- Continuous Battery Washers and Dryers (Automotive and Industrial)
- Finishing Lines
- Corrosion Resistant Conveying Systems

PASTE MIXING SYSTEMS

- 500 KG Paste Mixers (Mini-Ox)
- 1100 KG Paste Mixers
- Lead Oxide Storage and Conveying Systems
- Automatic Batching and Dispensing
- Process Control and Data Acquisition
- Paste Feeding
- Slurry Reclaim
- Upgrade Kits.

BATTERY RECYCLING SYSTEMS

- Rugged Battery Breakers and Classification Systems
- Acid Neutralization and Water Treatment
- Rotary Smoothers and Environmental Controls
- Lead Refining and Alloy Production
- Turnkey Systems Available
